ABOUT US

Since 2016, Matan Enterprises has been the name of quality and consistency in leather garments and motorbike safety apparel. With quality and consistency, we strive to provide our customers with the best services and in time production.

A good motorcyclist always needs a good pair of PPE equipment as a motorcycle's body alone doesn't make a rider safe in case of a crash. We at Matan Enterprises produce such kinds of PPE products, i.e. Denim jeans, Wax jackets, Leather jackets, Leather Suits and other safety apparel which provides maximum safety for the rider's body against abrasion.

Matan Enterprises being the leading manufacturer in leather garments industry, always focuses on improving the technology being used in the production. Currently it holds more than 200 latest machines setup, and has in-house embroidery & printing facilities. This enables us in meeting the specific demands of the customers and offers them with an unmatched quality range of garments.

After providing the market with quality leather products with on time delivery, Matan Enterprises started a new setup for "Textile Garments" in the beginning of 2018.

We have been successfully offering customized range of Leather & Textile garments to the customers as per their specifications. Moreover, we have gained huge appreciation by offering high quality products and guaranteed on-time delivery.

The company was introduced to cater for the requirements of those customers who wanted to purchase quality products at a price other companies will never offer.

Please feel free to contact us. Our knowledgeable, friendly staff will be more happy to respond your queries you may have regarding our product line.

(Looking for dealers around the world, Please contact us with your detail).

Thanks for your kind attention in a precious time.
